SHOWER GIVEN FOR EILEEN SULLIVAN, SOON TO MARRY

Unique Way of Making Gifts Is Introduced; Pleasing Program One Feature

One of the most unique ways of presenting gifts was displayed at the miscellaneous shower given last night in honor of Miss Eileen Sullivan by Miss Dorothy Hunt and Miss Louise Ayala at the home of the former, 227 West Elk avenue. Miss Sullivan is soon to become the bride of Francis Gordon.

The living room of this cozy Colonial bungalow was decorated with streamers of pink crepe paper draped from the corners of the room to the center. From these streamers were suspended small white bells. Over the dining table a canopy was formed of the pink and white crepe paper festoons. Bouquets of pink carnations and greenery were artistically arranged throughout the house.

After a social chat, the guests were given attractive little booklets containing the story of a shirtwaist romance. This story contained many blanks, the words to be filled in by the guests. Miss Lillian Schick was awarded first prize for having chosen the least number of incorrect words and Miss Isabel Yates the consolation prize.

Program Takes Place

Miss Isabel Yates, accompanied on the piano by her mother, Mrs. T. R. Yates, then sang a very delightful vocal solo. The next event was a contest of skill. Each guest was given a clothes pin, a strip of white crepe paper and seven pins, and was told to dress the clothes pin as a bride. The first prize for having constructed the most clever gown with the materials provided was awarded to Mrs. Mabel Capell and consolation prize to Miss Naomi Berier.

While this contest was under way a motorcycle was heard to stop in front of the Hunt residence and soon the doorbell was ringing. Miss Dorothy Hunt answered the summons and found a messenger boy. After signing up and reading the message, Miss Hunt appeared to be rather perturbed to find that a cousin (?) Mary was to arrive that evening at 9:30 from the north. Several remarks were made.

P. A. C. Moore Visits City; Growth Surprises

P. A. C. Moore, who formerly resided with his family on East Windsor Road, was a visitor in Glendale yesterday and brought the news of a successful business venture in Oakland. He is in the southland as factory representative of the Barrel Syrup corporation in which his sons, Ralph, Presley and Harry, are interested. Mr. Moore's field will include southern California, Arizona, New Mexico and west Texas. While renewing acquaintances here he stated that he is opening offices in the Title Insurance building in Los Angeles. Ralph saw overseas service during the war, he states, and Melvin is succeeding well in the produce business in Los Angeles. The family left here about five years ago and, needless to say, Mr. Moore was pleasantly surprised by the rapid growth of the "city of homes."

PAUL WISMER RETURNS

Dr. Paul Wismer, of 336 North Cedar street returned yesterday from a fortnight's motor trip to San Francisco. He went through Yosemite National Park and saw Lake Tahoe. He also visited the beauty spots of Lake and Monterey counties. Mr. Wismer reports that travel by automobile is very moderate, in fact much cheaper than rail if a person is willing to camp and take time along the way.

REV. C. R. NORTON HONORED

The Southern California Veterans' association at their encampment recently held in Santa Monica canyon highly honored the Rev. C. R. Norton of this city, a veteran of the Civil war, when they re-elected him chaplain for the eighth consecutive time.

VISIT MANHATTAN BEACH

A party of Glendale people who enjoyed a day at Manhattan Beach recently included Mr. and Mrs. C. F. Parker of 221 North Central avenue, Mr. and Mrs. T. Allen and family, Mrs. Lillian Dow and daughter, Mrs. Robert Philp.

BACK FROM SEAL BEACH

Mrs. O. A. Lane and son, Master John Lane of 209 East Chestnut street, returned Thursday night from Seal Beach, where they have spent the past ten days visiting Mrs. Wesley Dean and Mrs. Lane's cousins, Mrs. Ida Gray and Miss Viola Weaver.

Dick Ahrens Wins Bicycle From Glendale Evening News; Just Look At His Smile of Delight

Wonder why "Dick" Ahrens smiles? He has earned his right to a lot of fun. He won a \$65 Harley-Davidson wheel from The Glendale Evening News Bicycle Subscription Club. Photo by Ralph W. Brown

RICHARD (DICK) AHRENS went and done it! Won a dandy \$65 bicycle by getting new subscribers for The Glendale Evening News. He is only 13 years old, but he has the grit and determination to get what he goes after. And 13 is no unlucky number for him. It took thirty-nine different subscriptions to put him across the goal. Thirteen were for a year. Twenty-six for lesser periods.

Dick's dad is A. F. Ahrens, one of the proprietors of the Bread Box Bakery in the San Seelig public market at 133-135 North Brand boulevard. Mother and grandmother and the rest of the family reside at 355 Salem street. They, too, are happy over the young solicitor's accomplishment.

As a "runner up" in the race for the first wheel, Dick did well, but being so small people were inclined to doubt his story. However, after he had convinced them of his earnest desire to earn a real honest-to-goodness bike, there was an eleven-hour rally that would make Babe Ruth's batting average look pink.

"It was easy to get subscribers," said Dick, "when I found the few places where they were not taking The Glendale Evening News. In most cases it was getting people who had recently moved here to subscribe."

That's a good tip for Billy Phelon and the others who are out for The Glendale Evening News bicycles. Billy is mentioned because he likely will be the next to win. He has about two-thirds the required

Burbank Man Badly Hurt Attempting to Stop Runaway Team

J. P. Elmore of Burbank is in the Glendale Research Hospital in an extremely precarious condition, as the result of a peculiar and painful accident which he experienced shortly before noon yesterday. Mr. Elmore, who is a teamster for a Burbank concern, was attempting to stop his horses from running away when he decided to jump off the wagon and run in front of the team. Upon reaching for the halter of one of the horses he suddenly slipped, falling on his back, under the heavy team.

In the scramble which followed Elmore's body was terribly mangled by the two horses and the wagon passing over him. One of the horses stepped squarely on the man's face, making several severe lacerations from his chin and cheeks. Several of the lower ribs were fractured.

After a Burbank physician had ministered first aid to the injured man Pulliam & Kiefer's ambulance rushed him to the Research Hospital, where, it is reported, he is resting easily this morning. An X-ray was taken this morning to ascertain the extent of the injuries sustained.

HIT BY AUTO; BADLY HURT

J. A. Doyle of Burbank, manufacturer of building blocks, was seriously injured this morning when he was struck by an automobile driven by Mrs. Hazel Snyder of Long Beach. The accident took place on San Fernando road, Burbank, in front of the Horne Confectionery store. Mr. Doyle stepped off the curb and walked in back of two other machines and was struck by a machine coming from San Fernando and being driven by Mrs. Snyder. H. E. Snyder, husband of Mrs. Snyder, was in the machine with her. Mr. Doyle was thrown to the pavement, falling on his face. He was rushed to the hospital. Although the extent of injuries received has not been ascertained, his recovery is doubtful.

G. E. Lathrop and T. C. Cooper Invest In Local Property

T. C. Cooper and G. E. Lathrop, both of Detroit, Michigan, having heard so much about Glendale, decided that this was a city in which to make a safe investment in real estate and have purchased a number of residence lots, on which they intend to build double bungalows and apartment houses. They have already started construction on a lot purchased at 329 East Chestnut street, which is in charge of J. O. Bruggeman, 439 Oak street, president and owner of the Justine Building company. Messrs. Cooper and Lathrop are negotiating for the purchase of several more lots on which they will start construction in the near future.

LIKE GLENDALE; BUY HOME

Mr. and Mrs. B. B. Dey, who arrived in Glendale in May from Chicago, have purchased a home at 124 South Everett street. Mr. Dey was in the piano tuning and repairing business in Chicago for over thirty years, and came to California on account of ill health. He has improved wonderfully since coming here and expects to re-establish himself in business at some time in the near future. Mr. and Mrs. Dey are looking forward to the arrival of their son-in-law and daughter, Mr. and Mrs. W. R. Diben, who will leave Chicago in about a week. Mr. Diben is contemplating locating in Glendale and establishing himself in some kind of business providing he can secure a suitable location.

TO PICNIC AT LONG BEACH

A family party that will spend Sunday picnicking at Long Beach will include Mr. and Mrs. S. H. Walker of 343 West Broadway, their little daughter, Laura Enid, their house guests Mrs. L. E. Neet and Miss Helen Neet, and Mr. and Mrs. M. Hopper and son, Basil.

MEMBERSHIP DRIVE IS PROPOSED BY LOCAL LEGION

Post Commander Kiefer, Now at Convention, Urged to Ask State Campaign

Announcement is made this morning that the Glendale Research Hospital offers free bed, board and nursing to any member of the local American Legion, or his wife or child, in instances where the former service man is unable to pay for the service. Such a proposition was discussed at last night's meeting of Post No. 127, and this morning a ready response came from the hospital authorities.

In addition to the free hospital bed, Dr. W. H. Bucher and Dr. Edward Swift, the former a retired navy surgeon, and the latter an ex-captain of the army medical corps, have proffered their services gratis to any needy Legion members.

Due to the absence of all but one of the regular officers of the local American Legion post, they having left yesterday for the state convention at Yosemite Valley, last night's weekly business meeting was conducted by an entire corps of "pro tem" officials, with the exception of Jesse Flower, who is the regular treasurer of the organization. Although the attendance was considerably smaller than usual, on account of the rumor that was circulated that the meeting had been called off, an interesting and busy session was enjoyed by all those present.

The gathering was presided over by Gordon A. Clayton, who is the regular second vice commander. Other acting officers of the evening were Louis Roberts, vice commander; Chalmers Day, chaplain; Ray Morrow, adjutant. Sergeant-at-arms Dru Nicoles was also "on the job."

Membership Drive

Probably the most important action taken during the evening was the unanimous decision to wire instructions to Post Commander Emil Kiefer at Yosemite, requesting that a committee of Legionnaires be appointed by the state commander for a state-wide membership drive. Commander Kiefer will probably introduce the resolution at the first session of the convention Monday morning.

Announcement was made by Acting Commander Clayton that the post executive committee had recently decided to publish a monthly four-page bulletin and magazine. It was also announced that Norman Whytock is to be the editor, and that the first issue will be published in September.

Post Becomes Member

After reading a communication from the San Fernando Valley Inter-Post council, which at present is comprised of representatives from Burbank, San Fernando, Lankershim and Van Nuys Posts, it was voted that Glendale Post become a member of the council.

Dru Nicoles, who is chairman of the entertainment committee, made the report that the regular bi-monthly American Legion dances will be resumed in September. Plans are on foot, he announced, that the Legion is to conduct some sort of an entertainment each week throughout the winter.

Prior to adjournment Z. B. West, until recently of the Santa Ana Post, made a short talk on "Co-operation." Mr. West is a new arrival in Glendale and is a Los Angeles attorney. During the evening it was decided that a request will be made that the American Legion be given the soft drink concession at the Greater Glendale Merchants' Exposition, to be held the latter part of this month.

P. A. Pollock Offers Plan to Boost City

P. A. Pollock, who is now building a public garage and repair shop on West Broadway at Pacific avenue, offers through The Glendale Evening News a suggestion which, he says, would be a good and inexpensive means of advertising this city.

Mr. Pollock believes that if every person in Glendale owning an automobile would display an attractive pennant or streamers placed on their car at a conspicuous place that it would help wonderfully in boosting this city.

It could read "We Live in Glendale," "Glendale for Mine," or "Watch Glendale Grow," or something similar, he says. Mr. Pollock also suggests raising a fund by the merchants through the Chamber of Commerce for getting out these pennants and distributing them free to everyone who would put one on their car. He also backs up this suggestion by starting the donations with a check for \$5.

Today's World News In Brief (By United Press to Glendale Evening News)

ENGLAND'S ACCEPTANCE TO CONFERENCE DISPATCHED
LONDON, Aug. 20.—Great Britain's acceptance to President Harding's invitation to a disarmament conference was dispatched to Washington this afternoon. The acceptance of the British government was couched in the most cordial terms.

POSSE IS SEEKING TO CAPTURE TWO BANK ROBBERS

METALINE FALLS, Wash., Aug. 20.—A posse of twenty-five armed men are today beating up the timber in the vicinity of this town in an effort to capture two daring bank bandits who late yesterday robbed the Metaline Falls State Savings bank of \$5,500 after locking the cashier and president in a vault.

KIDNAPED MAN, HELD FOR RANSOM, MAKES ESCAPE

CHICAGO, Aug. 20.—Eric Clarke, kidnaped near Jiminez, Mexico, and held for \$7,500 ransom, escaped his abductors, according to a message received by officials of the International Land and Livestock company here today. Clarke was connected with the company. "Am safe, thanks to my fine saddle mare," Clark's telegram read.

WALTER BROWN SIGNS WITH SOVIET REPRESENTATIVE

RIGA, Aug. 20.—The agreement between Walter L. Brown, of Glendale, California, head of the American relief administration, and Boris Litvinoff was signed here today at 11:30 in the presence of Latvian Premier Meyerovioz. This agreement sets up provisions under which American relief will be accorded to starving Russia Steps for carrying out the relief were started immediately.

OCEAN GREYHOUNDS IN THRILLING RACE NORTHWARD

SAN PEDRO, Aug. 20.—Two of the west coast's "finest" are steaming northward in a thrilling race of ocean greyhounds today. The liners Harvard and Buckeye State, both carrying large passenger lists, cleared San Pedro harbor on the dot at 3 p. m. yesterday for San Francisco. They are due to arrive at the bay metropolis today. Every indication was that the race would be a thriller; and that the crew of one of the two ships wouldn't have much money to "blow" on the Embarcadero when bets were paid.

SUBSTITUTE FOR SEARCH MEASURE NOW AGREED UPON

WASHINGTON, Aug. 20.—Agreement to a substitute for the Stanley anti-home search and seizure amendment to the beer bill was reached here today by the senate and house conferees. The substitute, which was insisted upon by Representative Volstead, house dry leader, drops the word "properly." This, it is pointed out, would enable dry agents to search bootlegger automobiles without search warrants. With the exception of this modification, the substitute is substantially the same as passed by the senate.

NEW YORK STOCK MARKET CLOSES IRREGULAR TODAY

NEW YORK, Aug. 20.—In the first hour on the stock exchange today little change was noted in the market. U. S. Steel was off only 1/8 at the opening, despite the announcement of another wage cut, made after the close of business on Friday. Tobaccos were heavy. Mexican Petroleum, which made an early low at 91 1/4, quickly ran up above 92. The independent steels were fractionally higher. During the early trading there was considerable selling of Central Leather. No activity was noted in the rail group. During the second hour some motors and tires made new lows. There was practically no support for some of the stocks in these groups. The market closed irregular.

GERMANY MAY APPEAL, INTERNATIONAL ARBITRATION

BERLIN, Aug. 20.—Germany may appeal many issues contained in the German-American peace treaty to international arbitration. The treaty, it was learned, does not contain a declaration of Germany's guilt in starting the war. Germany would have flatly refused to sign had such an admission been included. In many quarters the feeling prevailed that the difficulties of the preliminary negotiations between Dr. Hosen, foreign minister, and Ellis Loring Bressler, American commissioner, had been smoothed out. But one of the leading authorities who has been thoroughly initiated into the developments, informed the United Press that Germany claims the following difficulties standing in the way: First, Germany asserts that America is asking too much. Second, the treaty is alleged to be so closely woven that the United States could later impose what Germany calls impossible burdens. Third, Germany claims the treaty is too bureaucratic in style and not sufficiently comprehensive. Fourth, it is urged that the treaty provides for nothing more than a preliminary peace. This is the substance of the German wall. Another authority informed the United Press that Germany will attempt to refer the question of the Lusitania and other sinking indemnities, as well as other controversial questions, to international arbitration.

SINN FEIN MAY ISSUE MANIFESTO TO ENTIRE WORLD

DUBLIN, Aug. 20.—The Sinn Fein today seriously considered issuing a manifesto to the world, pointing out the alleged unfairness of the British peace offer. Members of the Dail Eireann in private conferences discussed this single alternative to counter proposals. The issue of such a manifesto would be considered a preliminary to a resumption of hostilities. Despite the favorable reception of Lloyd George's speech in other than Sinn Fein circles, the republican was known to feel that it had been "double crossed" by the British premier. This, it was said, was the inside story of the sudden switch of the Sinn Fein from its determination to accept the British offer, to its present stand of absolute rejection. On July 31 the republican leaders, influenced by the favorable attitude of the most powerful single individual in Ireland, were disposed to accept Lloyd George's terms. But when De Valera acquainted the members of the Dail at Monday's secret session, with the actual terms, a stiffening attitude developed, for the purpose of obtaining the utmost from Britain at the present time. The present offer does not embrace the kind of dominion status which General Smuts, the peacemaker, inferred, it was said, and the Sinn Fein now claims that Lloyd George had given General Smuts, as well as Ireland, the wrong impression of the actual terms. Despite the reported attitude of the Sinn Fein, most of Ireland still clung to its hopes of peace. The press today was strongly favorable to a settlement.

STUDENT SECRETARY ADDED TO OFFICE FORCE C. OF C.

Federal Board of Vocational Education Pays Expenses; Chamber Very Active

Giving Glendale one of the strongest Chamber of Commerce executive organizations in any city of its size in the southwest, Secretary James M. Rhoades today announces the acquisition of a new member to his force.

Henry P. Purinton, a disabled veteran, who resides at 319 Ivy street, has been added to the force as a student secretary, the Federal Board for Vocational Education paying all of his expenses. He begins work on next Monday.

As soon as Mr. Purinton is qualified to take a position as secretary another veteran will be sent to the local organization as the personnel here is considered excellent for such work.

Given Recommendation

It is understood that the Los Angeles Chamber of Commerce recommended the local office to the federal board as a suitable training school.

Of course the officials of the Glendale Chamber of Commerce are glad to aid the former service men in getting back to peacetime employment, and especially those who must learn new vocations on account of being gassed or wounded.

In addition to Mr. Rhoades, who has had a score of years experience in governmental and civic work, E. F. Sanders, the assistant secretary, is a highly trained sales manager who is making a great success along the line of memberships.

Extensive Program

Two office assistants—an information clerk and clerical worker—also are employed, while a score of committees are busy here on various projects. From two small organizations existent last March to a most potent factor in community life, the Chamber of Commerce today stands as a model.

Its fall and winter program gives promise of being one of the most extensive ever undertaken by a Southern California city—which is saying something.

A Limerick

"There was a young man—just
a kiddie—
Who wouldn't insurance con-
sider—
He thought he was wise
But an early demise
Left the neighbors to care
for his widder."

This boy was the exception—
not the rule. The lesson of the
war and the ravages of the
"flu" have taught most young
men the need for, and great
value in, life insurance. The
long endowments of "The Provid-
ent" cover the hazard of old-
age as well as of premature
death and are sold at very low
premium rates. Talk to me
about them.

to the Glendale Sanitarium and Hos-
pital. It was found that the two
bones in the lower part of the leg,
and also the third metatarsal bone,
had been broken, besides several deep
lacerations on the upper and lower
parts of his foot. The wagon was
being driven by T. Fellows of 234
North Howard street.

**Eugene L. Settles to
Leave Sunday for East**

Eugene L. Settles, who has spent
the summer months with his mother,
Mrs. S. L. Settles of 212 Dayton
Court, will leave Sunday night for
St. Louis, where he will be the guest
of friends for several days. Follow-
ing his visit in the Mound City, Mr.
Settles will spend two weeks visiting
friends and relatives in various parts
of Missouri, after which he will go
to Boston to make preparations for
resuming his studies at the medical
college at Harvard university. This
will be Mr. Settles' last year at the
Massachusetts institution, and he is
planning to return to this city upon
receiving his M. D. degree next June.
While on his vacation here this
summer Mr. Settles has engaged him-
self in making a sanitary survey of
the city, which, when completed, will
be the first ever compiled in the his-
tory of Glendale, it is stated.

marks, not very complimentary, were
made about Mary choosing a rather
inopportune time for her visit, etc.
The contest continued, and after the
awarding of the prizes Mrs. Mabel
Capell, accompanied by Miss Ger-
trude Champlain on the piano, sang
two very charming vocal numbers.

Then Comes Revelation

An automobile stopped in front of
the house and again the doorbell
rang. When Miss Hunt answered
she found the supposed-to-be cousin
"Mary," who after being greeted by
Mrs. Hunt mysteriously deposited a
suitcase and large package in front of
the guest of honor, Miss Sullivan.
Much to the surprise of everyone,
cousin "Mary" then doffed hat, veil
and wig, and "Mary" was found to
be a young boy who is a guest at the
Hunt residence and had volunteered to
assist in the hoax.

Upon opening the suitcase Miss
Sullivan was confronted with a very
dainty and useful assortment of gifts,
ranging from hand-painted plates, etc.,
to a box containing a dozen pint
cans of assorted fruits and jellies.
The hostesses, assisted by Mrs.
Bertha Wilson and Mrs. E. W. Hunt,
served dainty refreshments of coffee,
sandwiches cut in shapes of hearts,
etc., and jello topped with whipped
cream and wafers. Very attractive
favors of pink rose cups, filled with
mints, and topped by a tiny rosebud,
made of pink crepe paper, contained
the names of the guests. These
were placed on the dining table un-
der the canopy of pink and white.
On the under side of the slips con-
taining the names of the guests was
written the fortune of each. The
reading of these fortunes caused a
great deal of merriment. Paper
napkins, decorated with pink flowers
and hearts, further carried out the
color scheme of pink, which was used
most effectively.

List of Guests

The guests present included Miss
Eileen Sullivan, Mrs. R. W. Sullivan,
Miss Isabel Yates, Miss Naomi Bar-
ber, Miss Ruth Ryan, Miss Gertrude
Champlain, Miss Minola Budd, Miss
Grace Crampton, Miss Faye Gould,
Miss Marjorie Morris, Miss Louise
Robinson, Miss Lillian Schick, Miss
Ruth Spafford, Miss Harriet Cook,
Miss Dorothy Hutchinson, Miss Mar-
guerite Hauber, Miss Clarice Ayala,
Miss Corinne Orff, Mrs. Bertha Wil-
son, Mrs. T. H. Yates, Mrs. Frae
Rohr, Mrs. S. B. Morse, Mrs. Mabel
Capell, Mrs. E. W. Hunt and the
hostesses, Miss Dorothy Hunt and
Miss Louise Ayala.

**Building Boom In
Casa Verdugo Will
Come Soon, Believed**

Casa Verdugo, it is confidently
predicted, will be the scene of the
next big building boom in this vi-
cinity. While other sections will go
straight ahead, indications point to a
revival in both the business and res-
idential section of Los Angeles coun-
ty bounded on all sides except the
north by Glendale. Burton &
Chandler have turned over a quarter
of million dollars worth of property
there recently.

Harriet Baetz has purchased a bus-
iness lot on North Central avenue
just south of Stocker street where
she will erect a large garage and
machine shop. This deal was made
through the Glendale Realty com-
pany.

The latter firm also reports the
sale of a lot to William Sherman
Ayers on Cameron place. He in-
tends to build at once. Albert Mar-
ple has purchased a residential site
on South Louise street near Windsor
Road.

Robert S. Hall of Chicago is going
to build on the property he purchased
from E. C. Wynn on North Isabel
street and Mr. Wynn immediately
bought another lot on North Howard
street through the Glendale Realty
agency.

E. C. Brown, an electrician, has
purchased the corner of Everett
street and Elk avenue and will erect
a home and shop thereon.

MRS. N. T. HATCHER IS ILL

Mrs. N. T. Hatcher of 316 North
Adams street, stricken suddenly ill
Thursday, was taken to the Glendale
Sanitarium and Hospital, where con-
sulting physicians say an operation
may be necessary. Her daughter,
Miss Lorraine Hatcher, who is train-
ing at the sanitarium, is acting as
her mother's nurse.

ship in the Glendale Realty Board,

tary of the local organization. Mrs.

women engaged in the sale of real
estate here.

SCHOOL BOND ISSUE
AMOUNT WILL BE
DECIDED SOON

Committee of Nineteen Holds
Meeting; William Wattles
Elected Chairman

The committee of nineteen met on
Thursday night at the intermediate
school to discuss the question of a
bond issue for new school buildings.
The Grand View district was repre-
sented by W. D. Learned and the
need of a new school in that section
taken into consideration.

Captain William Wattles was
elected chairman of the committee
and the proposed new school build-
ings discussed. The additions needed
in Glendale at the present time are
one new intermediate school, one
grammar school in the Grand View
district and eighteen additional class
rooms to be added to different build-
ings already constructed, it was de-
clared.

Committees on grounds and build-
ings were reappointed as follows:
Buildings—Roy L. Kent, C. A.
Cole, Mrs. Gladys Esselman, Mrs. E.
B. Moore, Mrs. W. E. Halstead, C. L.
Chandler and W. E. Learned.

Grounds—William Wattles, F. E.
Wilkinson, H. V. Henry, Mrs. E. S.
McKee, Mrs. Peter Diedrich and G.
H. Moore.

To Fix Amount Needed
These two committees were in-
structed to inquire into the price of
the lots and the price of lumber and
meet together September 1 to decide
upon the amount of money required
in the bond issue.

The present valuation of Glendale
was quoted as \$13,083,375, and with
this valuation the city should be well
able to carry the bonds required, it
was asserted.

Following the committee meeting,
the school board elected Mrs. Mabel
E. Douglass and Miss Bessie S. Ald-
rich as teachers for the coming year.

Superintendent of Schools Rich-
ardson White addressed the meeting
and stated that the budget had been
approved by the supervisors, on the
salary schedule adopted tentatively
at an earlier meeting. He also stated
that the county tax rate on schools
had been set at 40 cents.

John A. Schaeffer, who was killed in
action in the Argonne September 26,
1918, arrived in Glendale August 19,
and are at the parlors of the L. G.
Severn Undertaking company. He
was a sergeant in Company "D,"
364th Infantry. Sergeant Schaeffer

Invites Candidates
for City Positions
to Tell Qualifications

With more than ten candidates in
the field for city engineer, and sev-
eral seeking the position of street
superintendent, chief of police, city
controller and other appointive po-
sitions, the city council of Glendale
through City Manager W. H. Reeves
invites applicants for any and all
places to file letters stating their
qualifications.

Army engineers seem to be in the
majority among those seeking the
post here and it is confidently ex-
pected that keen contests will be
waged for all jobs at the city hall.
Of course, incumbents will get high
consideration from the council, but it
is that body's announced intention of
obtaining the best men for each
place.

May Give Out List
It is expected a complete list of
applicants will be given out for pub-
lication prior to next week's meet-
ing. In the interim the city manager
is looking up their references.

Mayor Spencer Robinson, City
Manager Reeves, Councilman S. A.
Davis, who is in charge of street
work, yesterday were taken around
the city to various street projects
now under way. Raleigh, Chestnut
and Garfield streets, Maple avenue
and Sycamore Canyon drive were
visited.

Several other streets on which
work is contemplated also were view-
ed and Messrs. Davis and Reeves are
preparing a program of improve-
ments to be worked out by the city
engineering department.

PETER HANSON SURPRISED

Peter Hanson of 711 Orange Grove
avenue was much surprised Friday
night on returning from one of the
local moving picture theatres which
he attended with his wife and daugh-
ter, to discover that they had invited
in a group of his friends to help cele-
brate his birthday. The guests spent
a very merry evening over the card
tables, and were later served to de-
licious refreshments. Those who en-
joyed the affair were Mr. and Mrs.
Elmer Strong of Pasadena, Mr. and
Mrs. Harry Curtis of Gardena, Mr.
and Mrs. Adolph Lengat of Los An-
geles, Mr. and Mrs. Hansen and Miss
Clarice Hanson.

FLOOD OF APPLICATIONS

WASHINGTON, Aug. 20.—The
desk of Federal Prohibition Commis-
sioner Haynes today was flooded
with informal applications from
scores of breweries for permits to
manufacture beer for use as medi-
cine. Meanwhile the house and sen-
ate conferees were deadlocked on
the anti-medicine beer bill without
sign of any quick getting together.
The senate conferees insist on the
Stanley amendment to the anti-beer
bill penalizing prohibition officers
who search private dwellings without
warrants, while the house conferees
were determined to modify it.

Glendale Has a Cemetery
of Its Very Own

And but one—Grand View Memorial Park.

This cemetery is located in one of the most beautiful
and most desirable locations in all Glendale—the
Jewel of Southern California cities.

Grand View Memorial Park nestles on a perfectly
drained, high location in close proximity to the green
Verdugo Hills.

Every inch of its spacious, parklike grounds is under perpetual care,
magnificent developments are under way and the management abso-
lutely guarantees that every lot is perfectly drained and there are no
watery graves.

The new chapel now in course of construction will be completed in a
few weeks.

Here you will find every service and consideration which should merit
your investigation in lieu of those trying times when such facilities as
we offer are so necessary. Our private car is at your service without
charge when you wish to visit the grounds.

"Spirits" Defeat Police

What sort of a "spiritualist"
wouldn't know when the evil spirit
were about? J. B. Johnson in Los
Angeles closed up the parlor in
which he was to have a seance last
night one-half hour before the police
arrived. Two women "tipped off"
the raid—not ghosts.

Today Is Last Chance

Today is the last opportunity for
Glendale people to see the Los An-
geles Industrial exposition. Purchas-
ing agents are congregating in the
big show building at Seventh and
Alameda streets this afternoon.

Saved Her Life, But—

The "Volstead vamp," who was
"dying for a drink," cleaned house
at Gordon's cafe, Third and Alameda
streets, when she told the police she
was taken there to satisfy her thirst.
Gordon lost all his licenses as a re-
sult.

Fighting Forest Fires

Forest fires are being fought in
Millard canyon near Banning by Su-
pervisor Allen and his forces. The
blaze was started by a prospector
who let his campfire ignite nearby
brush. Airplanes from Riverside
gave the alarm.

Glendale Folk Visitors
to Big Bear Valley

Mr. and Mrs. Ralph W. Brown, Mr.
and Mrs. W. P. MacMullin and their
daughter, Miss Helen Delaine of 211
North Brand boulevard, and the
Misses Gladys Dewitt and Miriam
Reynolds left this morning for Big
Bear lake where they will enjoy two
weeks among the pines of the rim
of the world.
Mr. MacMullin states he has sold
all of the vacant lots on Salem street
owned by Edwards & Wildey and he
has to take another vacation. Mr.
Brown declares that he has earned a
rest from the arduous work of his
photographic studio. In the latter's
absence, M. P. Reynolds, who has
been associated with Mr. Brown for
15 years, will be in charge of the
studio.

LEAVE FOR THEIR HOME

Mr. and Mrs. Harold E. Cooke,
who have been spending the summer
months with Mrs. Cooke's parents,
Mr. and Mrs. S. F. Manson of 437 1/2
West Dryden street, left Glendale
Friday morning for their home in
San Francisco. Mr. Cooke is the su-
perintendent of the physical training
department in the Oakland city
schools, and he is going north to
make preparations for the coming
school year.

Independent Postal
Service In Glendale?
of Course There Is!

An independent postoffice in Glen-
dale?

Sure, there is. Independent even
if it is a branch of the Los Angeles
postoffice.

Mrs. May E. Myton, who has
charge of Station No. 14 at 111
North Glendale avenue, says so her-
self.

Patrons of the office, especially
early birds in the east end of the
Broadway business section, say so,
too.

"Of course, I don't get to the of-
fice before 8:30 o'clock in the morn-
ing," says Mrs. Myton.

"And I close promptly at 5 in the
afternoon. But this branch does
give a service that this section of the
city otherwise wouldn't enjoy, so
haven't I the right to be indepen-
dent?"

Spencer Robinson, mayor and real
estate operator in whose office the
postal station is located, echoes her
sentiments. "I don't want to be a
postmaster and Mrs. Myton is prohib-
ited by law for working more than
eight hours. I go home before she
does. So there!"

ENTERTAINS AT LUNCHEON

Mrs. R. B. Edwards of 428 North
Louise street entertained at luncheon
Friday, in honor of her sister, Mrs.
L. E. Neet, of Seattle, Washington.
Her guests included Mrs. S. H. Wal-
ler and daughter, Laura Enid, Mrs.
Herbert Kinch and daughter, Betty
Jean of Los Angeles, Mrs. Penn
of Bakersfield, Mrs. Pierson Hanning
and son Clifton of Glendale.

BUICK "strong with the ladies"

BUICK—STRONG WITH THE LADIES

The new Buick is proving itself to be the ideal car for women. Its wonderful Velvet Disc Clutch and patented gear shift take away the driving strain. Its powerful, noiseless motor does away with the necessity of much gear shifting. Its Carbon Steel Springs make it remarkably easy riding.

Buick's popularity is not based upon the performance of a single model, but represents the refinement of years of successful motor car building.

AUTOMOBILE SECTION

Glendale Evening News, August 13, 1921

PROTECTION OF AUTO PUBLIC IS ASSOCIATION PLAN
ONE of the most important announcements made recently in local automobile circles was that of the merger of the San Fernando Valley Automobile Trade association with the San Gabriel Valley Automobile Trade association, the combined associations retaining the name of the latter.

This joining together of these two automobile trade associations is of much interest to dealers in the towns of Pasadena, South Pasadena, Alhambra and Glendale as it increases their strength to a considerable extent and will enable them to accomplish still greater results in bettering trade conditions.

Speaking of the benefits that will result through this merger, Secretary-Manager P. W. Battelle says:

"The decision of the San Fernando Valley Automobile Trade association to join our organization was based on the belief that a united organization could do more to help maintain clean conditions in the automobile industry than several smaller units.

"The remarkable growth of our association, we having increased our membership some 115 per cent in the past six months, together with the fact that the motoring public now thoroughly realizes that the motto 'Your Protection,' is strictly adhered to by all who display our insignia, has caused our association to stand out as an organization with high ideals.

"Our state association now has over 3500 members. Our local eighty. Eighteen states have patterned after our organization and our policy of living up to the slogan of 'Your Protection' has caused our members to be looked upon with favor by car owners.

"We guarantee to the motorists that they will receive first class work at a just and reasonable price, courteous treatment, and any complaint will be speedily investigated by a committee appointed for that purpose."

Automobile Insurance Rates to Remain Same

There will be no lower automobile insurance rates for motorists of southern California in the near future despite recent action taken by the National Automobile Chamber of Commerce in severing its connections with the National Board of Automobile Underwriters, according to a detailed announcement made by officials of the Automobile Club of Southern California.

It is up to the public to first reduce the risk induced by reckless driving, careless garage construction and activity of automobile thieves before insurance rates can be lowered in this section, it is pointed out.

Why does not a cautious driver get a lower insurance rate on his car than one who is known by the insurance company to be reckless?

Because the cost both to the insurance company and to the individual motorist in investigating, except in a general way, the reliability of every automobile driver, who seeks to take out insurance, would bring the overhead expense of the company up to a point which would raise the insurance rates to the same figure at which they were before such an elaborate investigation was attempted, it is claimed.

Warning Signs Should Be Observed by Public

Motorists in this section of the state are endangering the lives of men at work on highways by passing warning signs, according to officials of the Automobile Club of Southern California.

"Danger—Men at Work" is the sign which is to be found in the future on all highways approaching the point where laborers are busy on highway maintenance.

According to auto club officials, this sign will never be placed in position unless it is an actual fact that men are at work and are in danger from careless motorists who fail to heed the fact. The signs will be turned over to the various county offices in the southern part of the state to be used by the road construction engineers wherever men are at work on the roads.

Motorists are asked to remember that men are doing this work for the motorist and therefore every possible aid and consideration should be tendered them.

Mr. and Mrs. Max Green Take Trip In Oakland

Mr. and Mrs. Max Green returned from a trip to Idylwild last week, making a most satisfactory 350 miles trip. Mr. Green reports that he went up to the camp on second in the new Oakland sedan which he was driving. "It was a wonderful performance for a new car," he said, "and it makes me more pleased than ever that I represent the Oakland, Green & McClellan in their advertising this week.

BOYS, MATCHES, FIRE

Two small boys playing with matches almost caused a serious fire Friday afternoon at the home of Mrs. Charles Marshall, 525 South Central avenue. Mrs. Marshall's small son and one of his friends were entertaining themselves with a package of matches until the fence surrounding the tennis court was blazing defiantly. The frightened children called for help, but before the fire department arrived and stopped the blaze at least \$100 worth of damage was done and the fire got near enough to the house to give everyone a bad scare.

ACCUSED DENTIST JAILED

ROSEBURG, Ore., Aug. 20.—Dr. H. R. Brumfield, held in connection with the murder of Dennis Russell, hermit laborer, July 13, reached here in the dark hours of early morning and was rushed at once to the county jail. Brumfield, under guard of Sheriff Starmer, was removed from the Shasta Limited two miles north of the city, placed in an automobile and taken at once to the jail. Mrs. Brumfield awaited her husband at the jail entrance, but their meeting was unemotional. They talked for a few moments and then the dentist was taken inside where he went at once to bed.

PROMOTER IS FACING FINE

CHICAGO, Aug. 20.—Tex Rickard, fight promoter, is to have a little chat with Judge Landis soon. Rickard, out on \$10,000 bonds for bringing his Dempsey-Carpentier fight pictures into Illinois, is subject to a fine of \$1,000 or a year in jail. He was fined in New York for bringing the pictures from New Jersey. He first tried his pictures out on wounded soldiers. The public comes next.

Chamber of Commerce Great Business Help

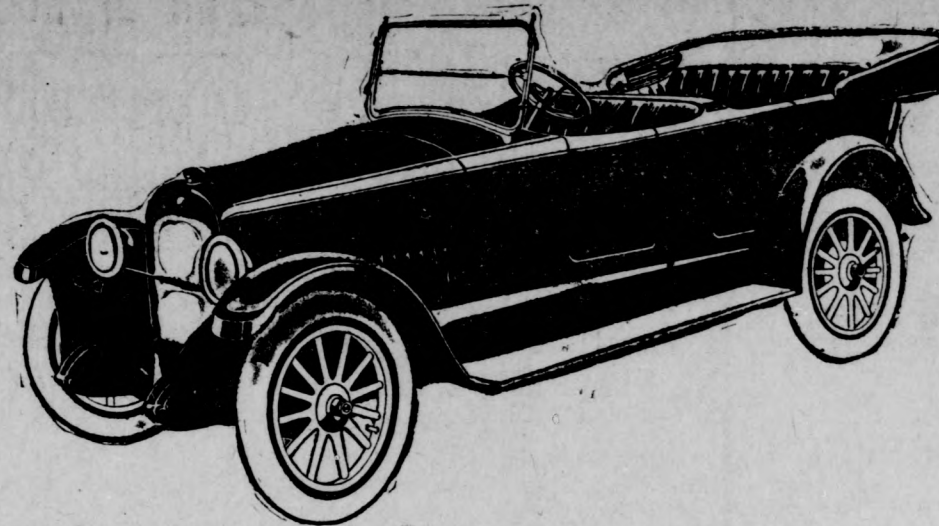

For those who are prone not to believe there are benefits accruing from a Chamber of the Commerce—and there are those in Glendale who are being met by E. F. Sanders, assistant secretary, in his membership drive—the following comment from the Southwest Builder and Contractor gives food for thought:

"Los Angeles Chamber of Commerce, the largest Chamber in the world, has passed \$200 memberships. With such a powerful organization inspired by a progressive civic spirit it is not to be wondered that Los Angeles is the bright spot on the business map of the country."

Frank C. Ayars of 315 North Orange street is one of the publishers of the paper quoted.

YOUNG HUNTERS AT HOME

It was a tired quartette of young men that drove into Glendale at 3 o'clock this morning after having spent a ten days' hunting and fishing trip in several counties in the northern part of California. They were William Crawford, Eustace Rowley, Roy Selover and Hill McGillis, all of this city, and they came home with their Ford loaded down with fresh venison and mountain trout. The party, which left Glendale on Thursday of last week, traveled about 1500 miles during their sojourn, which took them as far north as Mendocino and Shasta counties. They report excellent fishing and deer hunting, especially in the former named county.

WITH NASH PERFECTED VALVE-IN-HEAD MOTOR

THERE IS INCREASED VALUE In Newly Reduced Prices

The plain statement of a price reduction tells less than the full Nash story. For the Nash manufacturing efficiency and economy that made possible new prices also added quality to Nash cars.

THE BIG NASH PLANTS AT KENOSHA AND MILWAUKEE ARE THE FINEST WORKS THAT COULD BE DEvised.

Ample finances provided the most modern machinery. Long experience developed the most effective shop practice. And Nash production ability is constantly finding ways to build more economically while building more finely.

The new lower first cost means a lower final cost because of the many betterments continually embodied in Nash cars.

THAT IS EXACTLY WHAT NASH VALUE STANDS FOR—PAYING LESS AND GETTING MORE IN ABLE PERFORMANCE, IN DURABILITY, AND IN SOLID COMFORT.

The worth of every Nash car is further safeguarded by our Nash service that is territory-wide and unfailingly prompt.

AUTO TRADES BODY TELLS OF ECONOMY TO HOLD BANQUET IN THIS CITY

President of Organization to Be
Present; Speaker of Last
Legislature to Talk

Plans are rapidly being completed for the banquet and general meeting of the San Gabriel Valley Automobile Trade association to be held at the White Inn, Glendale, Friday night, August 26.

Among the several men of prominence who will address the automobile men will be Henry W. Wright of South Pasadena, now chairman of the board of supervisors for Los Angeles county, also speaker of the assembly at the last session of the state legislature.

Mr. Wright, who is well known throughout the state, will talk on some phases of the recent automobile legislation and a large attendance is expected to hear about some of the inside facts of the many proposed bills that were placed before the legislative body, some of which if passed would have seriously menaced the business of the automobile men and worked a hardship on the motoring public.

State President
Another speaker of prominence will be George Haberfelde, state president of the California Automobile Trade association, who will come directly here from Lake Tahoe where the state convention has been in session.

Mr. Haberfelde is one of the most widely known men in the automotive industry. His Ford agency in Bakersfield is one of the most up-to-date and attractive in the country.

At the Santa Barbara convention, Mr. Haberfelde was re-elected state president for the third consecutive time, and is one of the hardest workers for the "betterment of the trade" idea.

Creates Interest
The recent announcement of the affiliation of Glendale with Pasadena, South Pasadena and Alhambra has created considerable interest in local automobile circles. The joining together of these cities means a greater co-operation and will benefit the motoring public at large by the co-operative efforts of a unified organization.

The members of the association now number seventy-six and motorists are assured of a square deal, fair and reasonable prices, quick and expert service, by trading with those who display the wheel and radiator insignia of the organization.

Nash Special Sport Car Is Attracting Lots of Attention

Some car! That's the Nash Six sport model, a special job, which made its first appearance on the streets today. E. B. Sutton, of the Glendale Nash Sales, made special arrangements to have it here for the Nash exhibit at the Greater Glendale exposition next week.

It is one of the "dolled-up" cars ever seen in the city. Finished in a beautiful new drab gray color which is really unusual, it presents a classy appearance under all conditions. The top and limousine equipment for this touring car are a special job and besides all of the regular Nash features for comforts it has gray cushions and draperies.

It is stated that only two sport models of this color and design have reached the coast as yet and Mr. Sutton feels honored in having it here for the show.

Remarkable Mixture This Would Make If Not for Prohibition

The Volstead act already has had its effect in Glendale. At 157 South Central avenue Mr. and Mrs. Gower Waters reside. He is a hydraulic mining machine manufacturer. In the house to the rear Helen Beveridge, daughter of Mrs. Gertrude Johnson, is to be found.

And next door Mrs. M. J. Brooks holds forth. While there are no Rivers or Oceans in Glendale, Mr. and Mrs. Chauncey K. Lake reside at 325 West Cypress avenue and Adam Seebach lives on Vine avenue on the hillside.

The nearest thing to a real "kick" to be found in the city directory are two Beers. There are several Old Taylors, but no Wines.

And Mr. and Mrs. Thomas P. Drinkwater of 118 East Lomita avenue show how sober the city really is.

VISITING AT CATALINA
Dr. and Mrs. Charles L. Marlenee of 301 South Central avenue left this morning for Catalina, where they will enjoy several days' outing with friends.

FORMER RESIDENT HERE
Mrs. Gertrude Follansbee, formerly of this city, but now of Los Angeles, spent Thursday in Glendale visiting old neighbors and friends.

Gasoline and Tires Are Big Items When Considering Upkeep, Says Dealer

Gasoline and Tires Are Big
Items When Considering
Upkeep, Says Dealer

"A commercial car is judged on the basis of its operating costs—costs that can be figured in terms of money and time," says O. W. Tarr, of Fish & Tarr, 510 East Broadway, local dealers in Chevrolet passenger and commercial cars.

"One of the principal items of expense is gasoline. Another is tires. Economy in these items therefore is important.

"In selecting a commercial car care should be taken to see that the motor, in addition to being mechanically dependable, is known for its economy in fuel consumption.

"The capacity of the truck should be so well proportioned to the power as to result in a further saving of fuel; and also in a saving of tires.

"Furthermore commercial cars should be equipped with electric starters. This is an important feature in saving both gasoline and time.

Waste Of Gasoline

"The inconvenience of cranking the motor by hand is unpleasant to the average driver. It is a common practice, therefore, to let the motor run while the car is being loaded or is standing at a delivery stop. This is waste of gasoline and runs into considerable money in time.

"The electric starter eliminates this expense by eliminating the inconvenience which caused it.

"In addition the electric starter saves the time required to set the control levers, walk to the front of the car, crank a cold engine, and climb back to the seat.

"The combined saving of time and fuel effected in this way is a substantial item. It is a practical contribution to the greater economy of commercial car transportation."

Castaic Route Opened to Automobile Traffic

An announcement of particular importance to eastern visitors as well as to local automobile owners who have occasion to travel between the northern and southern parts of the state is made by the Automobile club to the effect that the Castaic route between Los Angeles and Ventura has been opened and is ready for travel.

This route has been closed for some time on account of paving operations. Now all paving is complete with the exception of one-half mile at Castaic itself.

This route is of particular importance because of its scenic beauty, points out the Automobile Club Touring Bureau, and because of the rich agricultural land it taps.

A round trip of much beauty is provided visitors by way of Santa Paula, Fillmore and San Fernando, using the state highway through Calabasas as an alternative route.

The distance between Ventura and Los Angeles over this route is 81 miles.

LEGION DANCE AT TUJUNGA

The Tujunga Post of the American Legion is planning an entertaining large crowd of merrymakers at their big pre-festival dance, which will take place tonight at 8 o'clock on the open air platform that has been erected for use during festival week. A first class "jazz" orchestra has been obtained by the Legionnaires for the occasion, which is expected to attract a record crowd of terpsichorean enthusiasts from the surrounding districts. For the benefit of the many Glendale people who are planning to attend the gala event it has been announced that Richardson's bus will leave Brand boulevard and Broadway at 7 and also at 7:45 o'clock.

Vaudeville Program at Glendale Theatre Very Well Balanced

The big Meiklejohn & Dunn vaudeville program at the Glendale Theatre tonight will offer the theatre-goers of this community something out of the ordinary.

Vaudeville's greatest exponents of comedy, Weston and Eline, will headline the bill which also includes the Armento Brothers, "the world's fastest tumbler"; Jerry Croft, "the beatin'est banjoist of them all"; Estelle DeShon, "California's own musical comedy star" and as an extra added attraction Madame Rose Hovick's juvenile quartet, featuring Baby June Hovick, claimed to be the world's youngest soubrette. This little lot made a distinct "hit" in Glendale at the premier showing of Meiklejohn & Dunn vaudeville in Glendale.

"The Beautiful Gambler," starring Grace Darmond, is the film feature. There will be the usual two shows tonight at 7 and 9 o'clock.

With Philco Retainers
Guaranteed for Two Years

Nor do we wish to slight this fourth reason. It is no easy matter to secure the Philadelphia Storage Battery Co. franchise. And it can only be retained when the service to car owners is such as would be expected between a merchant of the highest type and his most exacting customers.

Aside from this we feel a personal pride in representing this battery, knowing as we do that wherever one is sold a friend is created.

2 MORE CARLOADS OF FORDS ARRIVE THIS MORNING

And Three More Loads Coming
Is Announcement Made by
Jesse Smith Agency

And still they come!
Two more carloads of Fords arrived at Jesse Smith's Glendale Ford agency this morning, with the announcement that the three other carloads, which were ordered at the same time, are "on their way" from Detroit.

Although various details incurred in getting "located" in their new home at 115 to 125 West Colorado boulevard have deterred business to a certain degree during the past week, Assistant Manager Edward S. Lawrence announces that twenty-four machines were sold in the first five days at the new location.

In speaking of the phenomenal growth that has been enjoyed by the local agency during the past few years Mr. Lawrence stated that thirty-six employees are now on the payroll, which is an increase of approximately 300 per cent since February, 1919, when Mr. Smith resumed charge of the agency upon his return from the army. At that time Mr. Lawrence was employed as bookkeeper for the organization, his job being that of taking care of all of the office work of the concern. Now, he continued, there are four people in the office and "we are kept 'swamped' all of the time."

In Stock Room
Most noticeable in the rapid strides recently made by the firm is that in the stock room, which is in charge of Arthur Campbell and O. W. Rhodes. Mr. Campbell, who has been in the employ of the company the longest, states that approximately 2500 separate bins have been installed in the stock room, each one of which contains a supply of a certain Ford part or accessories which do not last more than ten days. The auxiliary parts and accessories, for which there is but a comparatively slight demand, are kept in the balcony of the stock room.

Plans have been made for the immediate installation of a switch-board which will be connected with eight separate phones. At present the firm is operating under the handicap of using but four phones.

SPEEDY TRIAL IS PROMISED

SAN FRANCISCO, Aug. 20.—Arrangements for a speedy trial for William Hightower, accused of murdering the Rev. Father Patrick Heslin, were being made today. Officers of San Mateo county announced that Hightower had promised to waive rights to delays and his arraignment and preliminary hearing would be held simultaneously within a few days. The exact time and place, however, probably will not be made public.

"The only thing I want to do is to go into court and plead not guilty," Hightower was quoted as saying.

URBAN CURIOSITY

Harkins, who had taken his children to a country place during the holidays, was proceeding across the fields with Louis, the youngest, when the latter saw a cow for the first time. "What is that?" asked the child.

"That's a cow, my son."

"And what are those things on her head?"

"Horns." And the two then moved on. Presently the cow moved, whereat Louis was surprised.

"Which horn did she blow, father?" he asked.

FIRES SPREAD DARKNESS

During the occurrence of great forest fires in Idaho, in August, 1910, the smoke was carried over the whole of the northern United States and southern Canada and far over the oceans. It was observed 500 miles from land. These fires caused "dark days" over a greater area than in any other case on record in this country.

DENSE VAPOR FROM CLOUD

The flat top of Table Mountain, South Africa, is often overspread with a cloud known as the Table Cloth. It forms very suddenly, chiefly with strong southeast winds, and has been the cause of accidents to wayfarers on the mountain who have lost their way when enveloped in the dense vapor.

Regular Melodrama Being Featured on Palace Grand Screen

Those who have not seen "Life," the big William A. Brady-Paramount picture now on view at the Palace Grand theatre, may do so today when the last showings will take place. It is a melodrama of the old school and constitutes highly relishable entertainment.

Teeming with that mystery, suspense and fascination which mark the vigorous and refreshing James Oliver Curwood stories of the Far North, "The Golden Snare," which also is on the program, is without doubt the best screen version yet made of any of the author's works. Ethel Clayton in "Sham" and a "Tale of Two Worlds," a Governor Morris production, provide the double bill at regular prices.

Evenings Will Be Given

tor of the music.

This is the first of a series of
musical evenings. The following
Sunday night the women's chorus
will furnish the program. Some-
times especially fine music has been ar-
ranged which, coupled with the ex-
cellent talent at hand, makes a com-
bination that is hard to beat, the
committee says.

Here Is Men's Program

The program for Sunday, August
21, follows:

Men's Chorus—"Now the Day Is
Over," (Barnby).
Cornet Solo—Selected, Dr. O. P.
Lucas.

Isgrig).

Thought," (A m b r o s e), Arthur
Haines.

Second Recital Proves Particularly Pleasing

The second recital at the Barnes-
Shuck Music company brought out
several vocal and instrumental num-
bers that were particularly pleasing.
An 8-years-old Columbia record of
Mme. Lillian Nordica singing an On-
gna Tribal Song and Cadman's
"Mighty Lak a Rose" was a brilliant
reproduction of the famous diva's
voice. By clever manipulation of the
Burnham Supertone Phonograph,
Leslie Gordon, who gave the incident-
tal comments, gave effective coloring
to the songs. Another interesting
number was the ever-acceptable sex-
tette from "Lucia." The selections
given on the Knabe Ampico about
evenly divided the commendations of
this piano and the Burnham phono-
graph.

The recitals will be discontinued
until the close of the Merchants' Ex-
position, when the public will again
be invited to these instructive con-
certs.

MRS. E. RUMBLE HONORED

Mrs. E. Rumble, who has been
making her home for the past two
years at 111 North Central avenue,
received notification by letter last
week that she had been appointed a
delegate from her district in Georgia
to the National Women's Christian
Temperance Union convention which
is now in session in San Francisco.
Mrs. Rumble left post haste Wednes-
day morning and on her arrival in
the bay city found that Mrs. Miles
Dillard, the Georgia state president
and a very dear friend, was a dele-
gate. Mrs. Dillard will visit Glen-
dale on her return to the southeast-
ern state.
